

Introduction

Welcome to the world of OFYR.

Our story began in 2015 with a dream to transform outdoor cooking from a solitary activity into a shared experience. This vision came to life with the OFYR Classic, an iconic open fire plancha that became the predecessor for a formidable range of outdoor cooking units and furniture.

Over the years, our products have brought people together around the fire, creating unique culinary moments all year long. And we keep pushing forward, with a desire to introduce our definition of the art of outdoor cooking to gardens all over the world.

There is no better way to discover this art than with OFYR Cozinha. This collection of outdoor kitchens is skilfully designed to harmoniously blend form and function in a luxurious way. Each model offers the perfect culinary oasis for those who relish the great outdoors and appreciate the finer things in life. Whether you are looking to host a dinner party or want to unwind with the family on a summer afternoon, OFYR Cozinha is the key to bringing people together for a culinary adventure.

Our collection is available in various colourways and formats, allowing you to choose an outdoor kitchen that perfectly meets your taste and needs. At the heart of each kitchen is an integrated cooking device – an OFYR Plancha or The Bastard VX ceramic barbecue. Whatever model you are interested in, the high-end design of the OFYR Cozinha will seamlessly blend with the existing architecture and landscape, becoming a stunning extension of your home.

Get ready to explore new ways of cooking and entertaining outdoors, indulging in the luxury and functionality of the OFYR Cozinha collection.

About the OFYR Plancha

Elevate your outdoor gatherings with the best of wood-fired cooking. The OFYR Plancha transforms the OFYR Cozinha into a symphony of flavours, laughter, and memories. The large cooking surface is made from stainless steel, engineered to distribute the heat of the open fire evenly across its surface. This ensures that every ingredient, from vegetables to meats, receives consistent heat for perfect searing, caramelisation and flavours. The plancha distinguishes itself from other griddles with a downward-sloping cooking surface. This allows excess juices to slide into the fire, preventing the food from burning while keeping the outside nice and crispy.

About the OFYR Plancha

Cooking techniques

By complementing the OFYR Plancha with accessories, the steel plate turns into a grill, oven or cooking hub. Experiment with cooking techniques and unleash your creativity, preparing a wide array of dishes from hearty breakfasts to sweet desserts. Whether you want to cook a 3-course meal for the family or some delicious bites for a party, the OFYR Plancha gives you the ability to achieve exquisite taste and texture every time.

Searing

Quickly sear ingredients on the hot cooking plate, preserving those healthy nutrients and delicious juices.

Grilling

Perfectly scorch meats and veggies directly above the fire with a Grill plate.

Slow Cooking

Place ingredients a little further away from the fire with the Rotisserie Set and Skewers, to slowly cook them to perfection.

Cooking

From boiling vegetables to preparing soups and sauces, the cooking plate and grill provide a solid surface for cast iron casseroles.

Baking

With the addition of the Pizza Oven, the plancha transforms into an oven to bake everything from pizzas to desserts.

About the OFYR Plancha

The perfect plancha experience

Cooking with the OFYR Plancha begins by making a fire and selecting the finest ingredients, ensuring that only the freshest and most delicious food makes its way onto the plancha's surface. By adding these precision tools, accessories, and protective products, you will set the perfect stage for a remarkable culinary spectacle.

Gloves & Apron

Handle with care. A wood-fired plancha reaches high temperatures, so any cooking session requires protection in the form of the OFYR Gloves and the OFYR Leather Apron.

Spatula

A spatula makes cooking on the OFYR Plancha much easier. Not only is this tool ideal for flipping ingredients but it is also essential to scrape food remnants off the cooking plate.

Food Bumper

This nifty tool prevents round or slippery ingredients from sliding into the fire. The OFYR Food Bumper is a barrier on the inner edge, safely keeping the food on the cooking plate.

Grill

There is nothing quite like grilling over an open fire, which is why the OFYR Grill Round is a must-have. Place this tool directly over the fire to grill large cuts of meat, fish and vegetables.

Pizza Oven

This accessory is an oven, griddle, and grill in one. Once you are done baking, you simply remove the cloche to reveal a double-sided grill plate.

Cover

Keep the OFYR Plancha in optimal condition with the OFYR Cover. After cooking, clean and oil the steel plate, then place the cover on top.

About The Bastard Kamado

Experience the epitome of outdoor dining in your OFYR Cozinha with The Bastard VX, a modern reimagining of the ancient Japanese earthenware cooking vessel. This charcoal-fuelled ceramic barbecue combines tradition with cutting-edge technology, creating a versatile cooking experience. With the help of some accessories, the kamado lends itself to techniques like grilling, searing, baking, and smoking all types of ingredients and dishes. To help you get started cooking right away, The Bastard VX includes 2 half grills, 2 half plate setters, a coal basket and an ash lifter. From the black thermometer and innovative top cap to a large and strong firebox, this kamado exudes perfection to the very last detail.

About The Bastard Kamado

Cooking techniques

The Bastard VX is more than just a barbecue: it is a culinary powerhouse. Its innovative design allows for precise temperature control, providing the ideal conditions for low-and-slow smoking, high-temperature searing, and everything in between. By adding accessories to your collection, you can cook and bake a variety of dishes, from roasts to pizzas and desserts. The excellent heat retention and circulation create an environment that preserves moisture and flavour, resulting in mouth-watering dishes every time.

Smoking

Infuse that delicious smoky aroma into your ingredients with different types of charcoal.

Grilling

Get that perfect char every time with the multi-level grill system.

Slow Cooking

Find that sweet spot and let the indirect heat work its magic for optimal flavour.

Roasting

There's nothing like meat with juicy and tender insides and an incredibly flavourful crisp on the outside.

Baking

From the most delicious pizzas to your favourite veggies, use the VX tools to bake them to perfection.

About The Bastard Kamado

The perfect kamado experience

The OFYR Cozinha models that feature The Bastard VX, will already include some basic VX tools like 2 half-moon grills, 2 half-moon plate setters and an ashtray. Complement your culinary journey with these recommended accessories to facilitate all your cooking sessions.

The VX Tools

Your starter kit for cooking with the ceramic barbecue consists of The Bastard VX Spatula, Meat Flipper and Tong. Ideal for flipping or tussling any type of ingredient.

One Minute Lighter

Bring your ceramic barbecue to life with just a simple touch. The One Minute Lighter makes lighting the charcoal much easier and helps you to safely stoke up the fire while you are cooking.

Half Moon Griddle

Discover multi-level cooking with the Half Moon Griddle. The flat side of this double-sided griddle is ideal for quick searing, while the ribbed side creates those perfect grill marks.

Dutch Oven

From hearty stews to homemade sourdough bread, with this casserole you can make it all. Use the lid as a griddle to quickly sear meats or vegetables before they go into the casserole.

Bird Sitter

The Bird Sitter is a must-have accessory to create a full meal. Simply put a chicken on the protruding part in the middle and surround it with some potatoes and vegetables.

Cast-Iron Grid

Cast iron gives a more constant heat than stainless steel and conducts better, making this Grid ideal for grilling at high temperatures.

Materials

All products of the OFYR Cozinha collection are crafted with meticulous attention to detail and premium materials. Our models feature various finishes and options to create the outdoor kitchen of your dreams.

Base

The foundation of the outdoor kitchens is an elegant base made of powder-coated aluminium, ensuring durability and resistance to the elements. This corrosion-resistant material guarantees longevity and maintains a sleek, modern appearance that complements any outdoor setting.

Colours

For added personalisation, the base and countertop are available in 2 distinct colourways. The colours are chosen to blend perfectly into the existing surroundings, while also drawing attention to the exquisite design.

- ***Pietra Anversa countertop + Graphite base***
- ***Pietra Milano countertop + Taupe base***

Countertop

All culinary activities start with the stunning ceramic countertop. The refined finish adds a touch of sophistication and offers exceptional heat resistance. Each kitchen features a large cooking surface, providing ample space for meal preparation and presentation.
